

Westlake Energy Partners IMPACT Fund

ABOUT THE FUND

The Westlake Energy Partners Impact Fund will support charitable organizations and programs for emerging community needs within Harrison, Marion, Monongalia, Preston, and Taylor Counties.

Grants will be awarded through YCF's customary community grant application process administered by the Foundation's Grant Committee and approved by the Foundation's Board of Directors.

This fund is unrestricted, meaning YCF has flexibility when awarding distributions, to provide for community needs as they evolve over time. As an endowment fund, distribution amounts will be determined in accordance to the Foundation's spending policy.

Westlake Energy Partners is an oil and gas acquisition company founded in 2017. Westlake specializes in purchasing oil, gas, and mineral rights throughout the Appalachian Basin with a specific focus on acquiring assets located in West Virginia. Westlake's goal is to invest in the prosperous future of the Mountain State. Their team of West Virginia natives are passionate about the community and eager to help their neighbors discover the value of their land and mineral rights.
